

NEWS RELEASE

Attention business/financial editors and reporters:

AEROQUEST INTERNATIONAL LIMITED (TSX-V:AQL)

Aeroquest International Announces a Change to its Board of Directors

Mississauga, Ontario- December 14, 2007 - Aeroquest International Limited announces that Dr. Gordon West has resigned as a director of the Company and that Mr. David Myers has agreed to become a director of Aeroquest.

Dr. West has indicated to the Company that he decided to leave the board because he feels that the role of a director of Aeroquest may conflict with some of his activities as a general scientific and technical consultant in geophysics. The board of directors of Aeroquest International would like to thank Dr. West for the time and energy he has devoted to the Company.

Aeroquest is pleased to announce that Mr. David Myers has agreed to join the board of the Company. It is expected that Mr. Myers will be appointed at the next meeting of directors of Aeroquest. Mr. Myers the principal of David J. Myers and Associates and is a senior executive with multi-functional and multi-industry experience who specializes in human resources strategy and organizational design and effectiveness. The board looks forward to welcoming Mr. Myers to the Company.

About Aeroquest International

Aeroquest International is a world leader in the operation and development of innovative and proprietary airborne geophysical surveying platforms servicing the mineral exploration, petroleum exploration, and environmental industries. Directly, and through its sister company UTS Geophysics, Aeroquest fields a fleet of over two dozen helicopter and fixed wing systems and is active on almost every continent in the world. More information about Aeroquest can be found at www.aeroquest.ca. More information on UTS Geophysics can be found at www.uts.com.au

For Investors

This news release may include statements about expected future events and/or financial results that are forward-looking in nature and subject to risks and uncertainties. The Company cautions that actual performance will be affected by a number of factors, many of which are beyond its control. Future events and results may vary substantially from what the Company currently foresees. Discussion of the various factors that may affect future results is contained in the Company's recent filings, available on SEDAR.

The TSX Venture Exchange does not accept responsibility for the adequacy or accuracy of this release.
